## New Lighting System

The vast majority of the Municipality's old lamp post heads have been replaced with the new, more economical and environmentally-friendly LED system. Only a few units still require the exclusive intervention of Hydro-Québec. The colour and lighting power remain the same.

## Gravel Road Grading

The long-awaited official end of the thaw period was issued on May 17, 2019 by the Ministère de Transport du Québec (2 weeks later than in 2018 and 3 weeks later than in 2017). This means we are finally able to proceed with phase two of the grading operation on gravel roads.

## Retirement of Road Superintendent Gilles Prairie. THANK YOU Gilles!

We thank our dear colleague for his commitment to our Municipality, his team spirit, his tremendous professionalism and his cheerfulness!

On behalf of the Council, the citizens of Frelighsburg and myself, thank you Gilles for your years of service. Happy retirement!
